

**Boots cleaning machine
With turnstile**

Art.-Nr.: 1.560.05

**Boots cleaning machine with turnstile**

The machine is created for hygiene control on entrance to the working zone. It consists of boots cleaning with turnstile (one direction) body with steps, detergent dosage system and steering box. There is 5 brushes for boots and soles cleaning each with own drive engine. The photo cell on entrance switches on the brushes (cleaning time can be adjusted). The machine can be left or right construction. The machine is entirely made of stainless steel 1.4301 DIN (AISI 304) which complies standards for contact with food. The machines are according to EU-guidelines /Council Directives Nr. 2006/42/EC and 2006/95/EC and the USDA-Regulations.

Art.-Nr.: 1.560.05

technical data:

power supply: 400V/3/50
net frequency: 50 Hz
voltage control: 24 V DC
performance: 1,2 KW
protection type: IP 65
water supply: R 1/2"
water outlet: DN 50
cleaning: 5-7 s/ sole
brushes: 2 x 300 mm horizontal
3 x 300 mm vertical

dimensions:
total length: 1.810 mm
length: 1.150 mm without steps
width: 1.219 mm
height: 1.392 mm
